

ISHPREET SINGH

JavaScript & React JS Developer

Contact: +91-985-580-1283

borndeveloper@outlook.com

Objective	To work for wisdom of life.
Summary of Qualifications	<ol style="list-style-type: none">1. I am pursuing Computer Science & Engineering Diploma from Guru Nanak Dev Polytechnic, Ludhiana which started on July 6th, 2023.2. I had passed my matriculation with 80.4% from Guru Nanak International Public School, Ludhiana during session March 2022-March 2023.
Technical Qualification	I added new feathers to the cap of my knowledge by learning HTML, CSS, JS and React JS JavaScript library through a programme at Khalsasoft , Ludhiana. Additionally, I have acquired proficiency in utilizing the Bootstrap Framework .
Projects worked on	<p>Project 1: Algo Trading Software</p> <p>I am blessed with my first project of life, “Algo Trading Software for forex market at Metatrader4 (MT4) under Expert Advisor” during my school time (December 2022) by Ownwar FPC Ltd.</p> <p>Project 2: Landing Page</p> <ol style="list-style-type: none">a. I have designed a landing page for an E-com website as my first project in HTML and CSS. Link: https://ishpreetsingh8264.github.io/Project1/b. I have designed a landing page for a toy shop as my second project in HTML and CSS Link: https://ishpreetsingh8264.github.io/Project2/ <p>Project 3: React JS</p> <ol style="list-style-type: none">a. Converted the landing page of toy shop landing page into React JS using components and props Link: https://ishpreetsingh8264.github.io/First-react/b. Pagination source code made from scratch that can reload the data without reloading the whole website which works on the concept of “state” in React JSc. Wrote a React JS code for React Routes and protected routes which helps navigate through different pages using a logic similar to the login logic but for pages.
Organizations	Trust Convos, Mindvision Education and Ownwar FPC Ltd.
Certifications	<ol style="list-style-type: none">1. “AI Bootcamp (AI For Youth program)” by Intel Digital.2. “Learn Complete Python Programming in 2023: Zero to Mastery” by Udemy.3. “Complete Ethical Hacking Course” by FN Careers.
